

Kookaburra Group Report

August 2020

The past few months have presented many challenges to our programme and our teaching. We have made significant efforts to continue our work with children and their families, with a focus on keeping us all safe. The circumstances continue changing and limiting our group engagement. In order to stay connected with you all, we have elected to use technology specifically the Kinderloop platform. We plan to share some music, books and learning experiences to support children's learning. We are still in the initial stages of developing our online programme and we are conscious of not overwhelming or adding stress to your already very busy households. We thought it may be helpful for children and families to be able to engage in your own time. We are also aware and understanding of the fact that this form of off-site engagement does not suit everybody.

I will be contacting families during this term to have a chat over the phone to discuss your child, and take this opportunity to also support and connect with families. A roster system will be sent to parents so we can organise times. I look forward to chatting with you all.

Please take care and stay safe till we can be together again.

Suzanne, Yukie and Jennifer
